

Economic Development Committee Update

September 2021

1. **CGI BANNER PROGRAM:** The EDC committee has been discussing various themes and ideas for banners. Some initial graphics for the town logo were reviewed and feedback given to Bethany for her to continue working with the graphic artist.
2. **STRATEGIC GOALS:** The Committee is still in discussion on reassessing the town's 'theme' and is discussing the focus of the committee based on discussions with Bill Pfaff.
3. **SIDEWALK AND SIGNAL BOX ART:** We are still in discussion on the traffic signal box art. Sue has been in contact with the state and they are working through an upgraded agreement based on using wraps for the signal boxes.
4. **EDC WEBPAGE:** We have not heard from the University of Delaware to see if Bridgeville will be considered for one of their program projects. We will discuss the possibility of doing it ourselves or contracting it out.
5. **OPEN POSITIONS:** We are still in need of additional volunteers for the EDC. We currently have 6 members out of a possible 11 the by-laws allow for.

Richard Grinnell

Chairperson, Economic Development Committee
